

Proposed Fee Update Draft Meeting and Hearing Dates

September 20, 2017

The Planning and Zoning fee schedule cannot be changed without the approval of the Board of Supervisors. This fee program also includes new exemptions that will allow more projects to be built without a building permit. Those exemptions need to be reviewed by the Planning Commission and the Building Code Advisory and Appeals Board. Both of these citizen panels will make recommendations to the Board of Supervisors.

We will update this list when those meetings and hearings are set. Please visit often to stay abreast of your opportunities to listen and participate.
